

SCIENCE RENDEZVOUS

Victoria

Welcome to the Camosun location!

Science Rendezvous is a free one-day STEM festival for science enthusiasts of all ages!

Join us on Saturday, May 10th from 10 a.m. – 3 p.m. to engage in science, technology, engineering and math with world-renowned researchers.

Technologies Building

AweSTEM Kids' Zone – TECH Atrium

Explore STEM with hands-on activities for kids of all ages.

Skeletal Stories – TECH Atrium

Come discover the secrets your skeleton holds about you and our ancestors. Explore our human past and track how our skeleton has evolved into what it is today. You can also investigate how to tell femur from a fibula and what your skeleton says about you.

Civil Engineering Technology – TECH 106 & 110

Dive into the world of Civil Engineering! Explore wave tanks in action and get hands-on with labs showing how soil and site development shape the foundations of our built environment.

Code Quest – TECH 142 & 175

Dive into the mechanical coding puzzles of Turing Tumble or unleash the creative potential of programming with Edison Bots.

Science of Psychology – TECH 173

Discover how our brains can trick us! This interactive booth explores the fascinating limitations of human perception—how we sometimes see, hear, or feel things differently than they really are.

Graphs and Games – TECH 174

Come test yourself with some math puzzles and games. We'll have both solo activities and group activities!

Tripping the Light Fantastic – TECH 222

Explore interactive physics demonstrations that focus on waves, sound, light, and electromagnetism.

Biology Bonanza – TECH 230

Come try some hands-on activities to learn more about biology!

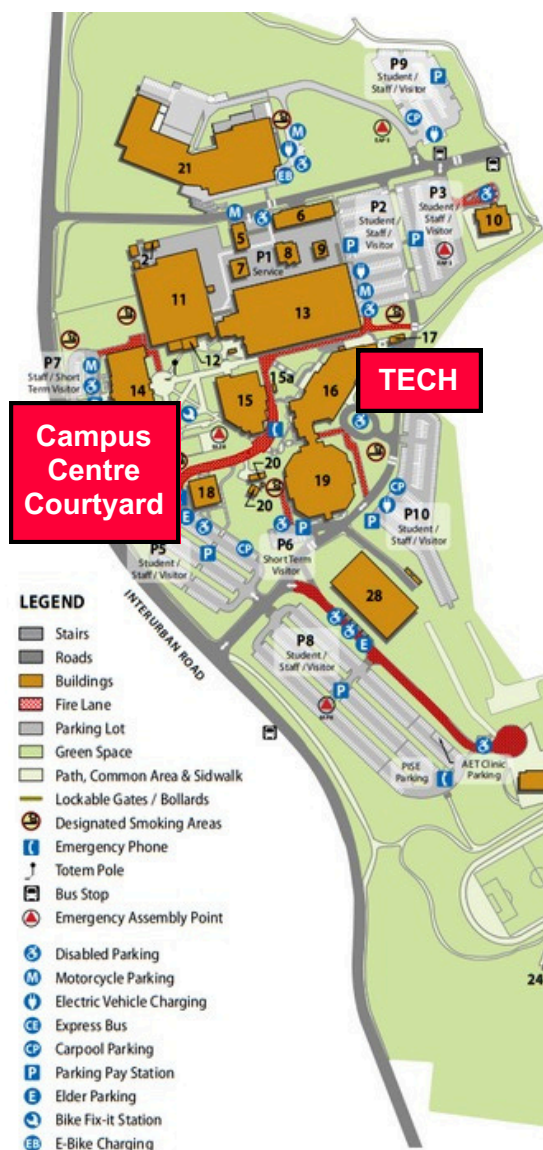

Campus Centre Courtyard

Weather Balloon Demonstration

Ever wondered how the air changes as you go up in the sky? Come observe the launch of a weather station on a mini weather balloon and observe the changes to temperature, pressure, and humidity as we go higher and higher into the air.

This activity will take place at 9:30, 10:30, and 11:30

Camosun Interurban Map

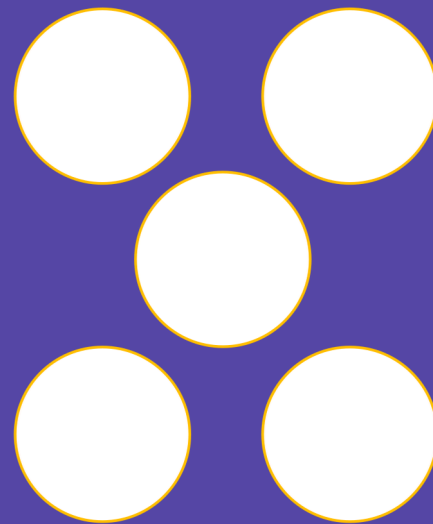

BUILDINGS	#	INITIAL
Carpentry Storage	2	ICM
Receiving/Printshop/Maintenance	5	RPM
Facilities Services	6	FS
Carpentry Building	7	IC
Compressor Building	8	CB
Exterior Electrical Lab	9	EEL
Child Care Centre	10	ICCC
John Drysdale Building	11	ID
Chargen Café	12	UR
Jack White Building	13	JW
Liz Ashton Campus Centre	14	LACC
Huber Hall	15	HH
Bicycle Storage	15a	BS
Technologies Building	16	TEC
Chemical Storage Building	17	ICSB
Portable A	18	PA
Centre for Business and Access	19	CBA
Greenhouse Complex	20	G
Centre for Trades Education & Innovation	21	CTEI
Pacific Institute for Sports Excellence	22	PISE
Warden's House	23	WH
Warden's Garage	24	WG
Forestry Building	25	FB
Forestry Lab	26	FL
Forestry Offices	27	FO
Alex & Jo Campbell Centre for Health & Wellness	28	CHW

Prize Draw!

Visit 5 different activities, get a stamp, and enter for a chance to win a science prize pack, valued at \$75+!

Prizes have been provided by Two Otters, Swan Lake Nature Sanctuary, Victoria Bug Zoo, Shaw Centre for the Salish Sea, UVic and Camosun.

Enter the draw!

Accessibility

We are committed to making our event as accessible and barrier-free as possible.

- All Camosun buildings are accessible to people with differing mobility issues and mobility aids.
- From 9:30 – 10 a.m., we will be open for folks who would like a distraction-reduced environment.

Provide Feedback (& WIN!)

Scan the QR code to fill out our feedback survey for a chance to WIN!
